### LANGUAGES

English

### PROFILE

I am a self-motivated individual with proficiency in Web Technologies such as HTML, CSS, Javascript, and React, as well as a strong Skill and ability in writing clean and efficient code, communicating effectively in a team setting, and possessing a strong willingness to learn. I am passionate about solving real-world problems through technology.

### WORK EXPERIENCE

#### Fullstack Web Developer

Teranium co

07/2023 - 02/2024

- Lead end-to-end development, created robust front-end architectures, designing intuitive user interactions, and developed scalable back-end applications.
- Ensured seamless cross-platform experiences, optimizing for mobile phones and delivering responsive applications for diverse devices.
- Managed projects from conception to completion, collaborating with graphic designers, developing APIs, and meeting technical and consumer needs through continuous learning and adaptation.

#### Frontend Developer

PortsConnect

10/2022 - 11/2023

- Collaborated with a cross-functional team of designers and engineers to deliver a feature-rich version of a product. Empowering users to schedule and manage appointments effortlessly, contributing to an elevated user experience.
- Transformed Figma designs into an immersive frontend experience, utilizing cutting-edge technologies such as React.js, Typescript, ChakraUI, CSS, and Redux toolkit. Achieved precision and finesse, delivering flawlessly detailed and visually striking user interfaces.
- Integrated APIs seamlessly to facilitate real-time updates and dynamic content in web applications. This not only enhanced user experience but also allowed for the seamless retrieval and dynamic presentation of data.

#### Frontend Developer Intern

Genesys Tech Hub

09/2021 - 12/2021

- Wrote modern, test-driven, maintainable code using common Javascript design patterns.
- Collaborated with a small team of designers and developers while running a 5 day design sprint to explore ideas on solving internship placement problem among undergraduates.
- Developed and shipped interactive web applications using Javascript, React and Redux.

#### Web Developer/Tutor

Digital dreams

11/2020 - 04/2022

- Worked with a variety of Web technologies, languages, platforms, and libraries such as HTML, CSS, Javascript, JQuery, bootstrap, PHP, Mysql, WordPress, Git.
- Developed and maintained code and websites primarily using HTML, CSS, Javascript, PHP and Mysql.
- Deployed Website to shared hosting platforms.
- Tutored and mentored students on the basics of Web Development
- Helped bring up young tech talents.
